Dear Danny,

I was deeply moved by your warm letter. Thank you for the kind words + also for sending the CDs that I listened to with keen interest. Bill Lyden's "Rugos + Tangos" are a lot of fun + quite a surprise for me as he never spoke of his musical accomplishments. I have your edition of the "Book of the Month" "Roscoe" variations + you deserve many kudos for your erudition + skill in putting this together. Your solo recording is beautiful + so sensitively played. You have come a long way from our Swan Lake days. Carry on, old friend -  
With warmest wishes

Aaron Rosand
